

Erratum

In the article “Vasopressin 1b Receptor Knock-Out Impairs Memory for Temporal Order” by Loren M. DeVito, Rachael Konigsberg, Christine Lykken, Magdalena Sauvage, W. Scott Young III, and Howard Eichenbaum, which appeared on pages 2676–2683 of the March 4, 2009 issue, there is an error in Table 1. For Stage 2, Session 2, “BC and DE (four trials each)” should have read “CD and DE (four trials each).” The corrected Table 1 is printed here.

Stage	Training Schedule
1	Day One: Session 1: AB (8 trials) Session 2: BC (8 trials) Day Two: Session 1: CD (8 trials) Session 2: DE (8 trials)
2	Session 1: AB & BC (4 trials each) Session 2: CD & DE (4 trials each)
3	Session 1: AB, BC, CD & DE (2 trials each) Session 2: Repeat
4	Session 1: Pseudorandom presentation of all pairs; 2 trials of each pair Session 2: Repeat
