ASSOCIATE PROFESSOR

The Department of Neuroscience, Cell Biology & Physiology at Wright State University Dayton, OH is seeking an outstanding scientist for a tenured faculty position at the associate professor level. Neuroscientists whose research programs complement the research strengths of our department and the newly established Neuroscience Institute are encouraged to apply. Preference will be given to applicants who investigate the function, structure, development, and/or modification of synapses and circuits in the vertebrate central nervous system. Minimum requirements for the position include: a Ph.D. degree with at least 5 years as an assistant professor; an established research program with a strong record of publication and extramural funding; commitment to teaching and student supervision. Review of applications will begin November 1, 2010 and continue until the position is filled.

THE HISTORY OF NEUROSCIENCE IN AUTOBIOGRAPHY

THE LIVES AND DISCOVERIES OF EMINENT SENIOR NEUROSCIENTISTS
 CAPTURED IN AUTOBIOGRAPHICAL BOOKS AND VIDEOS

The History of Neuroscience in Autobiography Series

Edited by Larry R. Squire

Outstanding neuroscientists tell the stories of their scientific work in this fascinating series of autobiographical essays. Within their writings, they discuss major events that shaped their discoveries and their influences, as well as people who inspired them and helped shape their careers as neuroscientists.

Autobiographical Video (Available in DVD Format)

PBS personality Richard Thomas interviews eminent senior neuroscientists who reflect upon their lives, their dreams, and their work, and share their insights on what's ahead in the field of neuroscience.

The #1 Cited Journal in Neuroscience*

Read *The Journal of Neuroscience* every week to keep up on what's happening in the field.

- The number one cited journal in neuroscience
- The most neuroscience articles published each year — nearly 1,500 in 2008
- Impact factor 7.452
- Published 50 times a year
