The Journal of Neuroscience comes to Mobile Web

Access all of your journal resources wherever you go

- The Journal of Neuroscience is available for comprehensive and universal mobile access.
- Gain quick access to The Journal articles, table of contents, and the features you have come to expect from the premier journal in the field
- Connect to The Journal from virtually any mobile device, anywhere a web connection is available
Lambda TLED™
LED Transmitted Light Source

The Lambda TLED is a stand-alone LED light source that can be used with the transmitted light path of a microscope or in other applications with similar requirements. This basic system consists of an LED mounted on a special black-anodized aluminum heat sink and a controller. The TLED uses a high-output white light LED, making it a suitable light source for contrast methods, including Phase, and Differential Interference Contrast (DIC).

FEATURES
- >10,000 hour lifetime
- >25µsecs on-off time
- TTL control (with polarity switch)
- Very stable output
- Compact stand-alone design
- Easy installation

Join now and save on annual meeting registration. You’ll also enjoy these member-only benefits:

- Abstract submission — only SfN members can submit abstracts for the annual meeting
- Lower registration rates and more housing choices for the annual meeting
- The Journal of Neuroscience — access The Journal online and receive a discounted subscription on the print version
- Free essential color charges for The Journal of Neuroscience manuscripts, when first and last authors are members
- Free online access to the European Journal of Neuroscience
- Premium services on NeuroJobs, SfN’s online career resource
- Member newsletters, including Neuroscience Quarterly and Nexus

If you are not a member or let your membership lapse, there’s never been a better time to join or renew. Visit www.sfn.org/joinnow and start receiving your member benefits today.
NeurOnLine is a new, SfN members-only online community where you can share great science, network, forge collaborations, and keep in touch — anytime, anywhere — within a trusted forum. As with the SfN annual meeting and *The Journal of Neuroscience*, NeurOnLine’s content and discussions will be generated by members, for members.

- Discuss emerging scientific findings
- Explore new tools and techniques
- Network year-round within the global community, more than 41,000 members worldwide
- Share experiences and receive or provide mentoring on different career paths, stages, and challenges
- Get involved in public outreach, from Brain Awareness and science teaching to advocacy

*NeurOnLine will help you advance your science and career on your schedule.*

The History of Neuroscience in Autobiography Series

Edited by Larry R. Squire

Outstanding neuroscientists tell the stories of their scientific work in this fascinating series of autobiographical essays. Within their writings, they discuss major events that shaped their discoveries and their influences, as well as people who inspired them and helped shape their careers as neuroscientists.
