The department of Neurology at Massachusetts General Hospital and Harvard Medical School is recruiting new faculty for appointment as Instructor, Assistant Professor or Associate Professor interested in building a laboratory research group in mechanisms of neurodegeneration and regeneration. The candidate will have had a record of success with independent funding. The candidate should have received an MD, PhD, or MD/PhD. Review process will begin June 2013. The Massachusetts General Hospital and Harvard Medical School are equal opportunity / Affirmative Action Employers actively committed to increasing the diversity of their faculty; people with disabilities, veterans, women and members of underrepresented minority groups are therefore strongly encouraged to apply.

Interested candidates should submit a c.v. and cover letter to: Merit Cudkowicz, M.D. Chief, Neurology Service, WAC720, 55 Fruit St., Boston, MA 02114 or via email to mwhitley@partners.org.

Sutter Instrument is now offering several systems or “Big Kits” that include dual manipulators and either manipulator stands and scope translator or a large moving stage. Motorized translation and motorized stage systems are compatible with a wide range of commercial and freeware imaging software platforms.
