Launched in Summer 2012

*The Journal of Neuroscience* comes to Mobile Web

Access all of your journal resources wherever you go

- *The Journal of Neuroscience* is available for comprehensive and universal mobile access.

- Gain quick access to *The Journal* articles, table of contents, and the features you have come to expect from the premier journal in the field.

- Connect to *The Journal* from virtually any mobile device, anywhere a web connection is available.
The TLED is a stand-alone LED light source that can be used with the transmitted light path of a microscope or in other applications with similar requirements. This basic system consists of an LED mounted on a special black-anodized aluminum heat sink and a controller. The TLED uses a high-output white light LED, making it a suitable light source for contrast methods, including Phase, and Differential Interference Contrast (DIC).

**FEATURES**

- >10,000 hour lifetime
- >25µsecs on-off time
- TTL control (with polarity switch)
- Very stable output
- Compact stand-alone design
- Easy installation

**CHAIR, DEPARTMENT OF NEUROLOGY & NEUROSCIENCES**

Rutgers New Jersey Medical School invites applicants for the position of Chair of the Department of Neurology & Neurosciences.

We are seeking an individual with strong leadership qualities and a record of accomplishments as a clinician and researcher to head a department with a faculty with broad expertise in both basic and clinical sciences. The Department of Neurology & Neurosciences is a combination of Clinical Neurology and Basic and Clinical Neurosciences Research. The department has ACGME-accredited training programs in Adult and Child Neurology, Vascular Neurology and Neuromuscular Medicine, as well as funded research programs in neural injury, repair and regeneration, demyelinating disease, Parkinson’s disease, autism, neuroimmunology, Alzheimer’s disease, stroke, neural regulation of energy homeostasis and stress. The department has major academic teaching responsibilities in the Medical School and Graduate School of Biomedical Sciences. The successful candidate should be a nationally recognized clinician and researcher, with a strong record of clinical and/or basic research funding and a record of successful leadership in academia.

Interested individuals should send a curriculum vitae or letter of inquiry to: Marc Klapholz, MD, Chair, Search Committee for Chair, Department of Neurology & Neurosciences, c/o Michael Petti, Executive Assistant to the Dean, Rutgers New Jersey Medical School, 185 South Orange Avenue, MSB C-671, Newark, NJ 07101-1709 or email pettime@njms.rutgers.edu.

Unless confidentiality is requested in writing, information regarding applicants and nominees must be released upon request. Finalists cannot be guaranteed confidentiality.

Please note that effective July 1, 2013, as a result of the New Jersey Medical and Health Sciences Restructuring Act, several units from the former University of Medicine and Dentistry of New Jersey (UMDNJ) are now part of the Rutgers Biomedical and Health Sciences (RBHS). For the purposes of payroll and benefits administration, the above position is a legacy UMDNJ position at Rutgers, and is eligible for benefits associated with legacy UMDNJ positions.

The National Healthcare Career Network (NHCN) is a consortium of healthcare association job boards working together to provide the most effective recruitment resource.
Who’s on NeurOnLine?

Joanne Berger-Sweeney  
SfN’s Professional Development Committee Co-chair  
Tufts University

Emanuel DiCicco-Bloom  
SfN Public Education and Communication Committee Member  
Robert Wood Johnson Medical School

Emma Duorden  
SfN 2009 Next Generation Award Winner  
The Hospital for Sick Children

Erich Jarvis  
SfN’s Professional Development Committee Member  
Duke University

NeurOnLine is an SfN members-only online community where you can share great science, network, forge collaborations, and keep in touch—anytime, anywhere—within a trusted forum. As with the SfN annual meeting and The Journal of Neuroscience, NeurOnLine's content and discussions will be generated by members, for members.

- Discuss emerging scientific findings
- Explore new tools and techniques
- Network year-round within the global community, nearly 42,000 members worldwide
- Share experiences and receive or provide mentoring on different career paths, stages, and challenges
- Get involved in public outreach, from Brain Awareness and science teaching to advocacy

NeurOnLine will help you advance your science and career on your schedule.

Share the wonders of the brain and mind with BrainFacts.org

Seeking resources to communicate with the public about neuroscience? Educating others through Brain Awareness activities?

*BrainFacts.org* can help you communicate how the brain works.

Explore *BrainFacts.org* for easy-to-use, accessible resources including:

- Information about hundreds of diseases and disorders
- Concepts about brain function
- Educational tools
- Multimedia tools and a social media community
- Interviews and discussions with leading researchers; and more
