The Neuroscience Scholars Program (NSP) builds the capacity of underrepresented graduate and post-doctoral researchers to cultivate long-term success through mentoring and networking, professional skill development, and educational programming. For more than 30 years, NSP has fostered the careers of many successful neuroscience researchers.
The History of Neuroscience in Autobiography

Edited by Larry R. Squire

Outstanding neuroscientists tell the stories of their scientific work in this fascinating series of autobiographical essays. Within their writings, they discuss major events that shaped their discoveries and their influences, as well as people who inspired them and helped shape their careers as neuroscientists.
