Become part of the world’s largest organization of scientists and physicians devoted to understanding the brain and nervous system.

Join today to enjoy these exclusive member benefits:

- Reduced fees and advanced registration for Neuroscience 2017
- Online subscription and reduced publication fees for JNeurosci
- Abstract submission eligibility for the annual meeting
- Networking, webinars, and scientific discussion on Neuronline
- Free online access to the European Journal of Neuroscience
- Premium online career services through NeuroJobs
- Networking, webinars, and scientific discussion on Neuronline
- And more!
Tenure-track Assistant / Associate Professor Psychiatry
Department of Psychiatry
Uniformed Services University

The Department of Psychiatry and the Center for the Study of Traumatic Stress at the Uniformed Services University of the Health Sciences currently invites applications for a tenure-track Assistant / Associate Professor position. The Department seeks to expand its ongoing neuroscience research, animal and human, in stress, anxiety (particularly acute stress responses, PTSD and dissociation), depression, behavior and drug use. Individuals who hold a Ph.D. or M.D. degrees and have active fundable research are invited to apply.

The Uniformed Services University is located on the campus of Walter Reed National Military Medical Center in Bethesda, Maryland, adjacent to the National Institutes of Health and National Institutes of Mental Health and in close proximity to the biotechnology corridor in suburban Maryland. The area is rich in scientific opportunities and cultural offerings. Downtown Washington, D.C. is a short Metro ride away. To learn more about the University, the Department of Psychiatry and the Center for the Study of Traumatic Stress, visit our websites at www.usuhs.edu/psyc and www.c-sizedline.org.

Candidates must be US citizens or permanent residents eligible for citizenship at the time of appointment. Interested individuals should submit a CV, brief statement of research interests (2-3 pages), and list of at least three (maximum of 5) references who are able to provide letters of reference (include name, title, position, email and phone). These items should be submitted collectively in a single email to Dr. Robert Ursonio through his Administrative Officer, Ms. Eliza Naranjo, at eliza.naranjo@usuhs.edu. Review of applications will begin on receipt and continue until the position is filled.

The Uniformed Services University is an equal opportunity employer and is committed to increasing the diversity of the faculty. Applications from women and underrepresented minorities are particularly encouraged.

The History of Neuroscience in Autobiography Series
Edited by Larry R. Squire
Outstanding neuroscientists tell the stories of their scientific work in this fascinating series of autobiographical essays. Within their writings, they discuss major events that shaped their discoveries and their influences, as well as people who inspired them and helped shape their careers as neuroscientists.

The History of Neuroscience in Autobiography, Vol. 1

The History of Neuroscience in Autobiography, Vol. 2

The History of Neuroscience in Autobiography, Vol. 3

The History of Neuroscience in Autobiography, Vol. 4
Per Andersen, Mary Bunge, Jan Bures, Jean-Pierre Changeux, John Dowling, Oleh Hornykiewicz, Andrew Huxley, Jac Sue Kehoe, Ed Kravitz, James McGaugh, Randolf Menzel, Mircea Steriade, Richard Thompson, W. Maxwell Cowan (completed by Brent Stanfield).

The History of Neuroscience in Autobiography, Vol. 5

The History of Neuroscience in Autobiography, Vol. 6

Vol. 6 available for purchase at www.oup.com/us

Autobiographical Video (Available in DVD Format)
PBS personality Richard Thomas interviews eminent senior neuroscientists who reflect upon their lives, their dreams, and their work, and share their insights on what’s ahead in the field of neuroscience.

Share the wonders of the brain and mind with BrainFacts.org

Seeking resources to communicate with the public about neuroscience? Educating others through Brain Awareness activities?

BrainFacts.org can help you communicate how the brain works.

Explore BrainFacts.org for easy-to-use, accessible resources including:

- Information about hundreds of diseases and disorders
- Concepts about brain function
- Educational tools
- Multimedia tools and a social media community
- Interviews and discussions with leading researchers; and more
