

Become part of the **world's largest organization** of scientists and physicians devoted to understanding the brain and nervous system.

Join today to enjoy these exclusive member benefits:

- Reduced fees and advanced registration for Neuroscience 2017
- Online subscription and reduced publication fees for *JNeurosci*
- Abstract submission eligibility for the annual meeting
- Networking, webinars, and scientific discussion on Neuronline
- Free online access to the *European Journal of Neuroscience*
- Premium online career services through NeuroJobs
- Networking, webinars, and scientific discussion on Neuronline
- And more!

Fellowship in Cerebrovascular and Skull Base Neurosurgery

Portland, OR -- The Department of Neurosurgery at the Providence Brain and Spine Institute is accepting applications for a one-year fellowship in Cerebrovascular and Skull Base Neurosurgery beginning July 1, 2018.

This comprehensive fellowship offers training in the following:

- Microsurgical Aneurysm Clipping
- Arteriovenous malformation resection
- Cavernous malformation including brainstem and spinal cord lesions
- Carotid endarterectomy and carotid stenting
- Extracranial vertebral artery revascularization
- Low flow and high flow extracranial to intracranial bypass
- In-situ bypass
- Microvascular decompression
- Skull Base approaches including orbitozygomatic, middle fossa, tranpetrosal, far lateral transcondylar
- Acoustic Neuroma and Pituitary Adenoma
- Advanced endonasal endoscopic techniques
- Diagnostic cerebral and spinal angiography

The Providence Brain and Spine Institute is the highest volume neurosciences institute in Oregon. Facilities include advanced intraoperative MRI, hybrid OR and angiography suite, two new biplanar neuroangiography suites, and dedicated neurosurgical critical care ICU staffed by five neurocritical care physicians.

Research opportunities include a prospectively maintained comprehensive neurovascular database, active clinical trial involvement, a team of data analysts and epidemiologist, grant writers, and basic science research studies.

Applicants who have completed neurosurgical training or are senior residents at accredited programs in neurosurgery will be considered.

Interested applicants should send letter of introduction and CV to:

Vivek R. Deshmukh, MD

Chairman, Department of Neurosurgery
Providence Brain and Spine Institute
vdeshmukh@orclinic.com

Share the wonders of the brain and mind with BrainFacts.org

A PUBLIC INFORMATION INITIATIVE OF:

Seeking resources to communicate
with the public about neuroscience?
Educating others through Brain
Awareness activities?

BrainFacts.org can help you
communicate how the brain works.

Explore *BrainFacts.org* for easy-to-use, accessible resources including:

- Information about hundreds of diseases and disorders
- Concepts about brain function
- Educational tools
- Multimedia tools and a social media community
- Interviews and discussions with leading researchers; and more

SUPPORT NEUROSCIENCE WITH A GIFT TO THE FRIENDS OF SfN FUND

As the field's leading professional organization, SfN promotes the importance of neuroscience and strengthens the field worldwide.

Donations to the Friends of SfN Fund support ongoing and new global efforts that:

- Create opportunities to share research with scientists around the world
- Provide resources and professional development for every career stage
- Promote public awareness and engagement with neuroscience
- Advocate for funding and policies that support health and science

Visit [Sfn.org/donate](https://www.sfn.org/donate) or contact development@sfn.org / **202-962-4057** to learn more about supporting SfN.

Society for Neuroscience is a 501(c)(3) nonprofit organization registered with the Internal Revenue Service and donations are tax-deductible.
