

# THE JOURNAL OF NEUROSCIENCE

JULY 1981

VOLUME 1 NUMBER 7

THE OFFICIAL JOURNAL OF THE SOCIETY FOR NEUROSCIENCE

---

## CONTENTS

- DEVOR, M., AND P. D. WALL: Plasticity in the Spinal Cord Sensory Map following Peripheral Nerve Injury in Rats 679
- IACOVITTI, L., T. H. JOH, D. H. PARK, AND R. P. BUNGE: Dual Expression of Neurotransmitter Synthesis in Cultured Autonomic Neurons 685
- BAGNOLI, P., A. BEAUDET, M. STELLA, AND M. CUÉNOD: Selective Retrograde Labeling of Cholinergic Neurons with [<sup>3</sup>H]Choline 691
- MARIANI, J., AND J. -P. CHANGEUX: Ontogenesis of Olivocerebellar Relationships. I. Studies by Intracellular Recordings of the Multiple Innervation of Purkinje Cells by Climbing Fibers in the Developing Rat Cerebellum 696
- MARIANI, J., AND J. -P. CHANGEUX: Ontogenesis of Olivocerebellar Relationships. II. Spontaneous Activity of Inferior Olivary Neurons and Climbing Fiber-mediated Activity of Cerebellar Purkinje Cells in Developing Rats 703
- SOECHTING, J. F., AND F. LACQUANITI: Invariant Characteristics of a Pointing Movement in Man 710
- GOLDMAN-RAKIC, P. S.: Prenatal Formation of Cortical Input and Development of Cytoarchitectonic Compartments in the Neostriatum of the Rhesus Monkey 721
- DAGAN, D., AND I. B. LEVITAN: Isolated Identified *Aplysia* Neurons in Cell Culture 736
- LAW, M. I., AND M. CONSTANTINE-PATON: Anatomy and Physiology of Experimentally Produced Striped Tecta 741
- CABOT, J. B., D. M. GOFF, AND D. H. COHEN: Enhancement of Heart Rate Responses during Conditioning and Sensitization following Interruption of Raphe-Spinal Projections 760
- MCMANAMAN, J. L., J. C. BLOSSER, AND S. H. APPEL: The Effect of Calcium on Acetylcholine Receptor Synthesis 771
- CATTERALL, W. A.: Localization of Sodium Channels in Cultured Neural Cells 777
- VALENTINO, R. J., AND R. DINGLEDINE: Presynaptic Inhibitory Effect of Acetylcholine in the Hippocampus 784
