Erratum: In the article "Cytoplasmic Mislocalization of TDP-43 Is Toxic to Neurons and Enhanced by a Mutation Associated with Familial Amyotrophic Lateral Sclerosis" by Sami J. Barmada, Gaia Skibinski, Erica Korb, Elizabeth J. Rao, Jane Y. Wu, and Steven Finkbeiner, which appeared on pages 639–649 of the January 13, 2010 issue, the labeling on one of the figures is incorrect. In Figure 6A, the molecular weight marker labeled "60 kDa" should actually be labeled as "85 kDa." The authors apologize for any confusion that this may have caused.
