Correction: In the article “Gap Junctional Coupling Underlies the Short-Latency Spike Synchrony of Retinal α Ganglion Cells” by Edward H. Hu and Stewart A. Bloomfield, which appeared on pages 6768-6777 of the July 30, 2003 issue, the authors did not obtain permission to reproduce the images in Figure 1, C and D, which had been previously published in an article by Hu et al. (2000) [Hu EH, Dacheux RF, Bloomfield SA (2000) A flattened retina-eyecup preparation suitable for electrophysiological studies of neurons visualized with trans-scleral infrared illumination. J Neurosci Methods 103:209–216]. Permission to reuse the figure panels has since been granted.
