

Are you only scratching the surface?

BioDAQ 16 cage food and water intake monitoring system

If you are using any other method for ad libitum food intake measurements you are only scratching the surface. The BioDAQ Food & Water Intake Monitor records the native *episodic* intake behavior of rats and mice at very high resolution in their home cage. Discover the time and date of the initiation of feeding and drinking behavior, how much was consumed, and the period of the feeding or drinking activity.

CurePSP Symposium

The Foundation for PSP | CBD and Related Brain Diseases (CurePSP) will hold its Annual International Research Symposium in San Diego on Thursday November 18, 2010 at the Embassy Suites San Diego Bay.

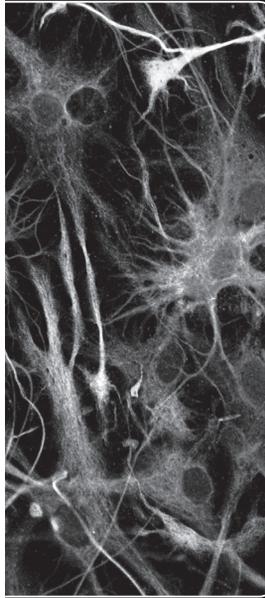

Registration is free

For registration contact Adrienne Bantum 1-800-457-4777 or bantum@curepsp.org.

Abstracts of 250-300 words for the poster session should be submitted by September 1, 2010 to the Scientific Director, Lawrence I. Golbe, MD at golbe@umdnj.edu.

For more details visit our website at www.curepsp.org.

The #1 Cited Journal in Neuroscience*

Read *The Journal of Neuroscience* every week to keep up on what's happening in the field.

- The number one cited journal in neuroscience
- The most neuroscience articles published each year — nearly 1,500 in 2008
- Impact factor 7.452
- Published 50 times a year

Learn more about member and institutional subscriptions at www.jneurosci.org/subscriptions.

The Journal of Neuroscience

The Official Journal of the Society for Neuroscience

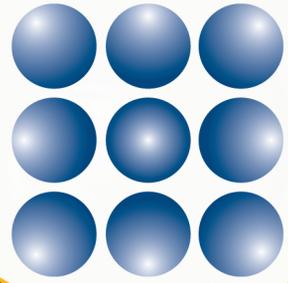

Are You an SfN Member Yet?

SAVE ON ANNUAL MEETING REGISTRATION AND START ENJOYING THE BENEFITS OF AN SfN MEMBERSHIP

- Enrich the annual meeting's scientific content by submitting an abstract
- Access *The Journal of Neuroscience* online and enjoy a discounted subscription to the print version
- Receive free essential color for *The Journal of Neuroscience* manuscripts when first and last authors are members
- Stay current by reading *Neuroscience Quarterly*, SfN's newsletter
- Make helpful contacts through local chapters and committee involvement
- Enjoy lower registration rates and housing choices for Neuroscience 2008
- Choose Society leaders by participating in your professional association's electoral process
- Earn Continuing Medical Education credits by attending educational sessions at SfN's annual meeting
- Receive exclusive member discounts on product purchases and list rentals
- Gain free access to job postings through the Society's online career center.

40TH ANNUAL MEETING

NEUROSCIENCE
2010

See you in **San Diego!**

40th Annual Meeting of the Society for Neuroscience

November 13–17

Less dosing, more science

With durations up to 6 weeks, ALZET® Osmotic Pumps provide the convenience you need to focus on your research.

Simple and convenient dosing

Dosing lab animals can be time intensive. With automatic and reliable delivery, ALZET pumps simplify your research and ensure reproducible results. We offer 12 pump models with durations of up to 6 weeks and small sizes for use in mice. ALZET pumps are easy to use, with no complex programming or software to learn. There are no batteries or electronics to fail. Use the peace of mind and extra time to plan your next study.

Unlimited research possibilities

Connect any ALZET pump to a catheter and deliver your test agent right to the target site. Select from a range of ALZET catheters and brain infusion kits to enable direct administration of agents to blood vessels, spinal cord or cerebral ventricles.

Visit www.alzet.com for more information.
