A future worth working for

**Breaking new ground in therapeutic areas.
As well as careers.**

ABOUT BIOGEN IDEC

Biogen Idec uses cutting-edge science to discover, develop, manufacture and market biological products for the treatment of serious diseases with a focus on neurological disorders. Founded in 1978, we are the world's oldest independent biotechnology company. Patients worldwide benefit from our leading multiple sclerosis therapies, and we generate more than \$4 billion in annual revenues.

THE OPPORTUNITIES

As part of our Framework for Growth, we are renewing our commitment to scientific innovation in the pursuit of new therapies for Progressive multiple sclerosis and other important neurodegenerative diseases, including Alzheimer's disease, Parkinson's disease, ALS and more. With this renewed commitment, we are expanding our Neurology Discovery and Translational Medicine teams, which use cutting-edge research and imaging technologies to investigate novel disease pathways, identify new drug candidates, and establish novel translational strategies to improve the likelihood of drug development success in neurodegenerative diseases.

We invite you to be part of our culture of innovation, collaboration and discovery.

It's a future—and a company—worth working for.

To review our current openings and apply online, please visit www.biogenidec.jobs/Neuroscience.
EOE

To support our growth in Neurology Research and Development, we are hiring Senior Investigators and Research Associates in the following areas:

Behavioral Neuroscience
Blood Brain Barrier Transport
In Vitro Assay Development
Myelin Repair
Neurophysiology
Protein Misfolding
Synaptic Plasticity
Translational Neuroimaging

JACOB P. WALETZKY AWARD

Supported by the Waletzky Family

The Society for Neuroscience
announces the call for nominations for
the Jacob P. Waletzky Award, presented
to an outstanding young scientist who has
conducted or plans to conduct research
in the area of substance abuse and
the brain and nervous system.

DEADLINE: MAY 27

For details, visit www.sfn.org/waletzky

YOUNG INVESTIGATOR AWARD

Supported by AstraZeneca

The Society for Neuroscience
announces the call for nominations for the
Young Investigator Award, recognizing
a young neuroscientist's outstanding
achievements and scientific contributions.

DEADLINE: MAY 27

For details, visit www.sfn.org/yia

CAREER DEVELOPMENT AWARD

The Society for Neuroscience announces the call for nominations for the Career Development Award, recognizing young neuroscientists who have demonstrated originality and creativity in research.

DEADLINE: MAY 27

For details, visit www.sfn.org/cda

PETER AND PATRICIA GRUBER INTERNATIONAL RESEARCH AWARD IN NEUROSCIENCE

Supported by the Peter and Patricia Gruber Foundation

The Society for Neuroscience announces the call for nominations for the Peter and Patricia Gruber International Research Award in Neuroscience, recognizing young neuroscientists for outstanding research and educational pursuit in an international setting.

DEADLINE: MAY 27

For details, visit www.sfn.org/pgi

DONALD B. LINDSLEY PRIZE IN BEHAVIORAL NEUROSCIENCE

Supported by The Grass Foundation

The Society for Neuroscience announces the call for nominations for the Donald B. Lindsley Prize in Behavioral Neuroscience, recognizing an individual for his or her outstanding PhD thesis in the area of behavioral neuroscience.

DEADLINE: MAY 27

For details, visit www.sfn.org/lindsley

LOUISE HANSON MARSHALL SPECIAL RECOGNITION AWARD

The Society for Neuroscience announces the call for nominations for the Louise Hanson Marshall Special Recognition Award, recognizing an individual who has significantly promoted the professional advancement of women in the field of neuroscience through teaching, organizational leadership, or other efforts.
