

San Diego
65th AAN ANNUAL MEETING

San Diego Convention Center
March 16–23, 2013

Share Your Research With the World of Neurology

Submit your abstracts for the 2013 AAN Annual Meeting by
October 15, 2012

www.aan.com/go/am13

MPC-200

Multi-manipulator system

Versatile: User friendly interface controls up to two manipulators with one controller. Select components to tailor a system to fit your needs.

Expandable: Daisy chain a second controller and operate up to four manipulators with one input device.

Stable: Stepper motors and cross-rolled bearings guarantee reliable, drift-free stability.

Doubly Quiet: Linear stepper-motor drive reduces electrical noise. Thermostatically-controlled cooling fans barely whisper.

*Make the
right move!*

Society for Neuroscience

Are you an SfN member?

Join now and save on annual meeting registration. You'll also enjoy these member-only benefits:

- Abstract submission — only SfN members can submit abstracts for the annual meeting
- Lower registration rates and more housing choices for the annual meeting
- *The Journal of Neuroscience* — access *The Journal* online and receive a discounted subscription on the print version
- Free essential color charges for *The Journal of Neuroscience* manuscripts, when first and last authors are members
- Free online access to the *European Journal of Neuroscience*
- Premium services on NeuroJobs, SfN's online career resource
- Member newsletters, including *Neuroscience Quarterly* and *Nexus*

If you are not a member or let your membership lapse, there's never been a better time to join or renew. Visit www.sfn.org/joinnow and start receiving your member benefits today.

Who's on NeurOnLine?

Emanuel DiCicco-Bloom
SfN Public Education and
Communication Committee Member
Robert Wood Johnson Medical School

Emma Duerden
SfN 2009 Next Generation Award Winner
The Hospital for Sick Children

Joanne Berger-Sweeney
SfN's Professional
Development
Committee Co-chair
Tufts University

Erich Jarvis
SfN's Professional
Development
Committee Member
Duke University

Join the Conversation

NeurOnLine is a new, SfN members-only online community where you can share great science, network, forge collaborations, and keep in touch — anytime, anywhere — within a trusted forum. As with the SfN annual meeting and *The Journal of Neuroscience*, *NeurOnLine's* content and discussions will be generated *by* members, *for* members.

- Discuss emerging scientific findings
- Explore new tools and techniques
- Network year-round within the global community, more than 41,000 members worldwide
- Share experiences and receive or provide mentoring on different career paths, stages, and challenges
- Get involved in public outreach, from Brain Awareness and science teaching to advocacy

NeurOnLine will help you advance *your* science and career on *your* schedule.

The Journal of Neuroscience

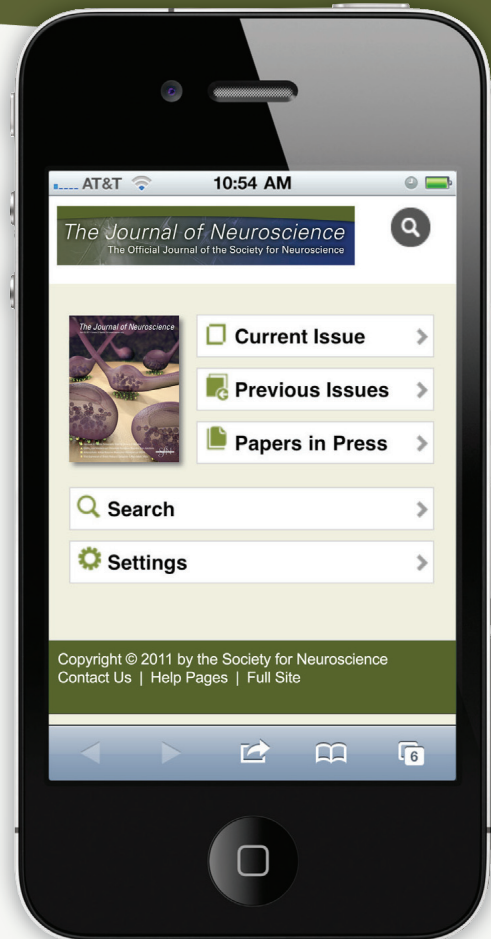

The Official Journal of the Society for Neuroscience

Launching in Spring 2012

The Journal of Neuroscience comes to Mobile Web

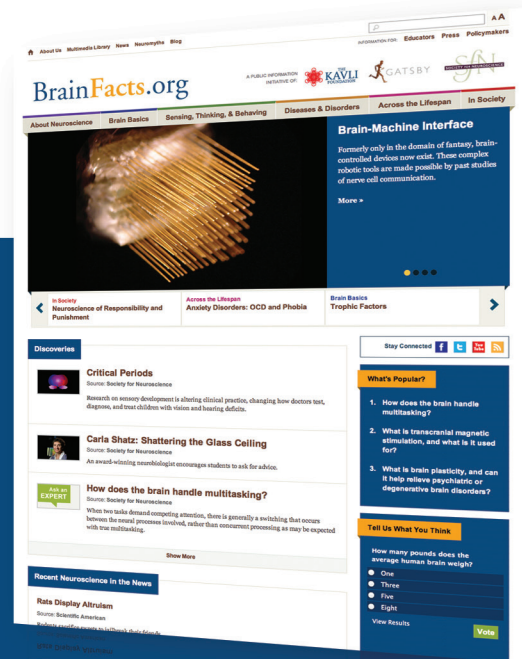

Access all of your journal resources wherever you go

- *The Journal of Neuroscience* will soon be available for comprehensive and universal mobile access
- Gain quick access to *The Journal* articles, table of contents, and the features you have come to expect from the premier journal in the field
- Connect to *The Journal* from virtually any mobile device, anywhere a web connection is available

Share the wonders of the brain and mind with BrainFacts.org

A PUBLIC INFORMATION INITIATIVE OF:

Seeking resources to communicate
with the public about neuroscience?
Educating others through Brain
Awareness activities?

BrainFacts.org can help you
communicate how the brain works.

Explore *BrainFacts.org* for easy-to-use, accessible resources including:

- Information about hundreds of diseases and disorders
- Concepts about brain function
- Educational tools
- Multimedia tools and a social media community
- Interviews and discussions with leading researchers; and more

Visit *BrainFacts.org*

NEUROSCIENCE 2012

SEE YOU IN NEW ORLEANS
OCTOBER 13–17, 2012

SfN
SOCIETY FOR NEUROSCIENCE

Culture extraordinary neural stem cells.

Stemline® Neural Stem Cell Expansion Media
from Sigma® Life Science is tailored for optimal
neural stem cell culture.

Biooptimize.

Serum free and produced in a state-of-the-art GMP facility with an available Device Master File (DMF), Stemline Neural Stem Cell Expansion Media produces a controlled and consistent environment for both monolayer and neurosphere cultures.

Explore the advantages of Stemline media
and request an evaluation sample
