Corrections

Correction: Mantini et al., Evolutionarily Novel Functional Networks in the Human Brain?

In the article “Evolutionarily Novel Functional Networks in the Human Brain?” by Dante Mantini, Maurizio Corbetta, Gian Luca Romani, Guy A. Orban, and Wim Vanduffel, which appeared on pages 3259–3275 of the February 20, 2013 issue, two brain networks in Figures 4–5 and Tables 2–3 were incorrectly labeled. Specifically, the labels of the dorsal somatomotor network and the early auditory network of monkeys and humans were accidentally swapped. The change in numbering of the brain networks is limited to figures and tables, whereas the aforementioned networks are correctly referenced in the text. The incorrect labeling does not affect the interpretation of the results, and have been corrected on the online PDF version.

Correction: Corbett et al., Sodium Channel Cleavage Is Associated with Aberrant Neuronal Activity and Cognitive Deficits in a Mouse Model of Alzheimer’s Disease

In the article “Sodium Channel Cleavage Is Associated with Aberrant Neuronal Activity and Cognitive Deficits in a Mouse Model of Alzheimer’s Disease” by Brian F. Corbett, Steven C. Leiser, Huai-Ping Ling, Reka Nagy, Nathalie Breysse, Xiaohong Zhang, Anupam Hazra, Andrew Wood, Menelas N. Pangalos, Peter H. Reinhart, and Jeannie Chin, which appeared on pages 7020–7026 of the April 17, 2013 issue, an oversight on the part of some coauthors led to the omission of two authors. The corresponding author was unaware of their contributions. The authors listed should include Jon T. Brown and Andrew D. Randall, University of Bristol School of Physiology and Pharmacology, Bristol, United Kingdom, who contributed to the experimental work involving the EEG data. The corrected author list is as follows: “Brian F. Corbett, Steven C. Leiser, Huai-Ping Ling, Reka Nagy, Nathalie Breysse, Xiaohong Zhang, Anupam Hazra, Jon T. Brown, Andrew D. Randall, Andrew Wood, Menelas N. Pangalos, Peter H. Reinhart, and Jeannie Chin.” The Author Contributions footnote should have read “Author contributions: B.F.C., J.T.B., A.D.R., M.N.P., P.H.R., and J.C. designed research; B.F.C., S.C.L., H.-P.L., R.N., N.B., X.Z., A.H., J.T.B., A.W., and J.C. performed research; J.T.B. contributed unpublished reagents/analytic tools; B.F.C., S.C.L., N.B., X.Z., J.T.B., A.D.R., and J.C. analyzed data; M.N.P., P.H.R., and J.C. wrote the paper. The online PDF version will be corrected to reflect these changes.

Correction: Yugeta et al., Modulation of Beta Oscillations in the Subthalamic Nucleus with Prosaccades and Antisaccades in Parkinson’s Disease

In the article “Modulation of Beta Oscillations in the Subthalamic Nucleus with Prosaccades and Antisaccades in Parkinson’s Disease” by Akihiro Yugeta, William D. Hutchison, Clement Hamani, Utpal Saha, Andres M. Lozano, Mojgan Hodaie, Elena Moro, and Robert Chen, which appeared on pages 6895–6904 of the April 17, 2013 issue, the authors regret leaving Bogdan Neagu, Division of Neurology and the Edmond J. Safra Program in Parkinson’s Disease, University of Toronto, off the author list. The corrected author list is as follows: “Akihiro Yugeta, William D. Hutchison, Clement Hamani, Utpal Saha, Andres M. Lozano, Mojgan Hodaie, Elena Moro, Bogdan Neagu, and Robert Chen.” Also, the Author Contributions footnote should have read “Author contributions: A.Y., W.D.H., and R.C. designed research; A.Y., W.D.H., C.H., U.S., A.M.L., M.H., E.M., B.N., and R.C. performed research; A.Y. and W.D.H. contributed unpublished reagents/analytic tools; A.Y. and W.D.H. analyzed data; A.Y., W.D.H., and R.C. wrote the paper.
