Retraction: Assaife-Lopes et al., Activation of Adenosine A_{2A} Receptors Induces TrkB Translocation and Increases BDNF-Mediated Phospho-TrkB Localization in Lipid Rafts: Implications for Neuromodulation

The Journal of Neuroscience has received a report describing an investigation by Universidade de Lisboa, which found substantial data misrepresentation in the article "Activation of Adenosine A_{2A} Receptors Induces TrkB Translocation and Increases BDNF-Mediated Phospho-TrkB Localization in Lipid Rafts: Implications for Neuromodulation" by Natália Assaife-Lopes, Vasco C. Sousa, Daniela B. Pereira, Joaquim A. Ribeiro, Moses V. Chao, and Ana M. Sebastião, which appeared on pages 8468–8480 of the June 23, 2010 issue. Because the results cannot be considered reliable, *The Journal* is retracting the paper.
