

The Journal of Neuroscience

July 23, 2014 • Volume 34 Number 30 • www.jneurosci.org

Cover legend: Confocal microscope image showing an example of a labeled apical dendrite of the human neocortex. White dots represent the points of insertion of each individual dendritic spine in the dendritic shaft. 3D reconstruction of each individual dendritic spine is shown in red. For more information, see the article by Morales et al. (pages 10078–10084).
