Changing the face of neuroscience

Innovation: Creating the next-generation institute

Aurora Health Care is adding renowned scientific and medical leaders to its team.

- Chief of Neurosurgery
- Complex Cranial Neurosurgeon
- Cranial Neurosurgical Fellow
- 3 Spinal Neurosurgeons
- Endovascular Specialist
- Neuromuscular Specialist
- 2 Stroke Neurologists

Aurora Neuroscience Innovation Institute (ANII), led by Amin Kassam, MD, has undergone a significant transformation at Aurora Health Care over the past 18 months. ANII represents an integrated service line that encompasses Neurology, Endovascular, Neurosurgery, Otolaryngology, Spine and Neuro-Ophthalmology, providing service from the clavicle to the follicle.

ANII has recently designed and built four dedicated avant-garde operating theaters that are at the forefront of technology. They have been the site of numerous technological and surgical “first-in-man” advances, including the integration of an optical surgical robot system for spinal and cranial neurosurgery, as well as head and neck surgery. These advances have not only led to treating patients from around the world, including the Middle East, Europe and Asia, but also for hosting surgeons from across the globe.

In addition, ANII, in partnership with the Aurora Research Institute, has developed advanced imaging and cell-interrogation facilities. The research laboratory has brought together a talented team of physicians, engineers and basic scientists for the discovery and characterization of progenitor cells and subsequent development of novel therapeutic treatments.

Aurora Health Care is a not-for-profit health care system serving Wisconsin and Northern Illinois with 15 hospitals, more than 150 clinics and 30,000 employees. Aurora has been experiencing significant growth over the past decade, and is now a fully integrated system comprising more than 1,500 employed physicians.

To learn more about the many opportunities at the AURORA NEUROSCIENCE INNOVATION INSTITUTE, or to apply, contact Jennifer.Kwasny@aurora.org or 414-389-2544. Please include CV.
Honoring Scientific Excellence and Discovery
2016 AWARDS AND PRIZES

Nominations open on March 7 for the following:

**Young Scientists’ Achievements and Research Awards**
**DEADLINE: MAY 20**
Peter and Patricia Gruber International Research Award
Donald B. Lindsley Prize in Behavioral Neuroscience
Nemko Prize in Cellular or Molecular Neuroscience
Janett Rosenberg Trubatch Career Development Award
Young Investigator Award

**Science Education and Outreach**
**DEADLINE: MAY 27**
Award for Education in Neuroscience
Next Generation Award
Science Educator Award

**Outstanding Research and Career Awards**
**DEADLINE: JUNE 3**
Julius Axelrod Prize
Ralph W. Gerard Prize in Neuroscience
Swartz Prize for Theoretical and Computational Neuroscience
Jacob P. Waletzky Award

**Promotion and Mentoring of Women in Neuroscience**
**DEADLINE: JUNE 10**
Patricia Goldman-Rakic Hall of Honor
Bernice Grafstein Award for Outstanding Accomplishments in Mentoring
Louise Hanson Marshall Special Recognition Award
Mika Salpeter Lifetime Achievement Award

**Professional Development Awards**
**APPLICATIONS OPEN IN MAY**
Trainee Professional Development Award

The Department of Anesthesiology & Critical Care Medicine invites applications to fill a tenure-track faculty position at the Assistant Professor level. The appointment would be a primary appointment in the Department of Anesthesiology and Critical Care Medicine within the newly developed Anesthesiology Research Laboratory with a secondary appointment in the Department of Neurosciences.

Minimum Requirements: Applicants must have a Ph.D. and/or M.D. degree, or the equivalent, with postdoctoral experience.

Preferences: Applicants with an independent research program, or strong potential for obtaining extramural funding, as evidenced by funding history, high quality publications and their research plan; Neuroscientists with primary research interests that build upon department collaborative research strengths in molecular, cellular and behavioral models of mammalian neurodevelopmental, neurodegenerative diseases involving neuroinflammation and/or pain mechanisms, and techniques involving a variety of neuroimaging modalities as evidenced by CV, references and research plan; Teaching experience or interest in participating in graduate and medical education programs as evidenced by CV and references.

For more details on current research activities in the Department of Anesthesiology & Critical Care Medicine, see http://anesthesiology.unm.edu, and in Neurosciences, see http://neurosciences.unm.edu/, and in the College of Pharmacy, see http://pharmacy.unm.edu.

Numerous opportunities exist for research collaborations with faculty in other departments within the Health Sciences Center, our Centers on Biomedical Research Excellence on CNS Pathology and on Neuropsychiatric Disorders, the New Mexico Alcohol Research Center, the Brain & Behavioral Health Institute, and the Clinical & Translational Science Center, along with the College of Pharmacy, the MIND Research Network, and Sandia and Los Alamos National Laboratories.

The position includes a competitive salary, research start-up funds and access to staffed research facilities. Electronic applications should include a cover letter, curriculum vitae, list of references, research plans, and history of grant awards.

For best consideration, applications must be received by December 20, 2015; however, the position will remain open until filled.

For complete details of this position and to apply, access Faculty Postings at: https://unmjobs.unm.edu/. Reference Posting #0832516.

UNM’s confidentiality policy (“Disclosure of Information about Candidates for Employment,” UNM Board of Regents’ Policy Manual 6.7), which includes information about public disclosure of documents submitted by applicants, is located at http://policy.unm.edu/regents-policies/section-6/6-7.html.

The University of New Mexico is an Equal Opportunity/ Affirmative Action employer and educator.

Neuroscience
2016

See You in San Diego
NOVEMBER 12–16
Become part of the world’s largest organization of scientists and physicians devoted to understanding the brain and nervous system.

Join now and enjoy exclusive member benefits:

- Reduced fees and advanced registration for Neuroscience 2016
- Online subscription and reduced publication fees for JNeurosci
- Abstract submission eligibility for the annual meeting
- Networking and scientific discussion on Neuronline
- Free online access to the European Journal of Neuroscience
- Premium career services through NeuroJobs
- Also, by being part of SfN, your membership dues help fund programs and initiatives that support efforts across the field of neuroscience.
- And more!
