

Corrections

Correction: Goda et al., “*Drosophila* DH31 Neuropeptide and PDF Receptor Regulate Night-Onset Temperature Preference”

In the article “*Drosophila* DH31 Neuropeptide and PDF Receptor Regulate Night-Onset Temperature Preference” by Tadahiro Goda, Xin Tang, Yujiro Umezaki, Michelle L. Chu, and Fumika Hamada, which appeared on pages 11739–11754 of the November 16, 2016 issue, authors Michael Kunst and Michael N. Nitabach were inadvertently omitted from the author list. The authors apologize for the oversight. The corrected author list is as follows: Tadahiro Goda,¹ Xin Tang,¹ Yujiro Umezaki,¹ Michelle L. Chu,¹ Michael Kunst,² Michael N. Nitabach,² and Fumika N. Hamada.^{1,3,4,5} Their affiliations are as follows: ¹Visual Systems Group, Abrahamson Pediatric Eye Institute, Division of Pediatric Ophthalmology, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio 45229, ²Department of Cellular and Molecular Physiology, Department of Genetics, Kavli Institute for Neuroscience, Yale University School of Medicine, New Haven, Connecticut 06520, ³Division of Developmental Biology, Cincinnati Children’s Hospital Medical Center, Cincinnati, Ohio 45229, ⁴Japan Science and Technology Agency, Precursory Research for Embryonic Science and Technology (PRESTO), Saitama 332-0012, Japan, and ⁵Department of Ophthalmology, College of Medicine, University of Cincinnati, Cincinnati, Ohio 45229. The author contributions footnote should have read “Author contributions: T.G. and F.N.H. designed research; T.G., X.T., Y.U., and M.L.C. performed research; M.K. and M.N.N. contributed unpublished reagents; T.G., X.T., Y.U., and F.N.H. analyzed data; and T.G. and J.C. wrote the paper.” This correction does not affect the conclusions of the paper.
