dPatch®

The next generation Digital Patch Clamp Amplifier System. Combining high-speed, high-resolution digital processing, precision A/D circuitry, integrated data acquisition and bundled SutterPatch® software, the dPatch system provides capabilities previously out of reach for the electrophysiologist. Available in either a single- or double-headstage configuration, the dPatch meets the requirements of today’s experiments and anticipates the demands of tomorrow’s.

- High bandwidth for fastest signal characterization
- Single-channel and whole-cell patch clamp recordings
- Digital compensation circuitry for precision and signal fidelity
- Quick and easy setup
- Bundled SutterPatch® software built on Igor Pro platform

NEW! Low-Noise Ultra-Fast
Digital Patch Clamp Amplifier System

Automatic Membership Renewal
Now Available

Sign Up for Automatic Membership Renewal

• **Save time** — Lessen your to-do list

• **Go green** — Eliminate paper invoices and their impact on the environment

• **Uninterrupted membership** — Never miss an issue of *The Journal of Neuroscience* or any of your valuable member benefits

• **Bonus Day** — Ensure access to your choice of prime housing for the annual meeting before the opening of advance member registration

• **Support the field** — Know your dues enhance professional development initiatives, public outreach, advocacy, and more

Sign up through “My SfN” at SfN.org
Share the wonders of the brain and mind with BrainFacts.org

Seeking resources to communicate with the public about neuroscience? Educating others through Brain Awareness activities?

BrainFacts.org can help you communicate how the brain works.

Explore BrainFacts.org for easy-to-use, accessible resources including:

- Information about hundreds of diseases and disorders
- Concepts about brain function
- Educational tools
- Multimedia tools and a social media community
- Interviews and discussions with leading researchers; and more

SUPPORT NEUROSCIENCE
WITH A GIFT TO THE FRIENDS OF SfN FUND

As the field’s leading professional organization, SfN promotes the importance of neuroscience and strengthens the field worldwide.

Donations to the Friends of SfN Fund support ongoing and new global efforts that:

- Create opportunities to share research with scientists around the world
- Provide resources and professional development for every career stage
- Promote public awareness and engagement with neuroscience
- Advocate for funding and policies that support health and science

Visit SfN.org/donate or contact development@sfn.org / 202-962-4057 to learn more about supporting SfN.

Society for Neuroscience is a 501(c)(3) nonprofit organization registered with the Internal Revenue Service and donations are tax-deductible.
WHERE DEMENTIA SCIENCE AND CAREERS ADVANCE.

Register today for the premier dementia conference.

Join us in Chicago for the Alzheimer's Association International Conference® (AAIC®), the largest and most influential international forum dedicated to advancing dementia science. Meet with colleagues from around the world to share discoveries that will lead to methods of prevention and treatment and improvements in diagnosing Alzheimer’s disease.

AAIC 2018: JULY 22-26 > CHICAGO, U.S.
Preconferences: July 20-21 | Exhibits July 22-25

Register at alz.org/AAIC-SfN.
NO MORE NEEDLESS INJECTIONS

One and done

ALZET® Osmotic Pumps are small infusion pumps inserted at the beginning of your study and then, that’s it. There’s no dosing schedule. No repeated injections. Just a continuous, predictable release of your test agent for the entire study. Days. Nights. Even weekends. Anywhere from one day to six weeks. With no external connections to monitor and less need for handling, it’s less stress for you and your lab animals. Learn more about ALZET Osmotic Pumps and just how needless injections can be at alzet.com/NoMoreNeedles.
