

# Correction

## Correction: Even-Chen et al., “Fibroblast Growth Factor 2 in the Dorsomedial Striatum Is a Novel Positive Regulator of Alcohol Consumption”

In the article “Fibroblast Growth Factor 2 in the Dorsomedial Striatum Is a Novel Positive Regulator of Alcohol Consumption” by Oren Even-Chen, Yossi Sadot-Sogrin, Ohad Shaham, and Segev Barak, which appeared on pages 8742–8754 of the September 6, 2017 issue, an incorrect coronal coordination was listed in Figure 1c (“Location of sampling regions”). The authors apologize for the error. The correct coordination for the hippocampus slice is B-1.8. This correction does not affect the conclusions of the paper. Figure 1 has been corrected on the online PDF version.
