

Erratum

Erratum: Guilhemsang et al., “Preferential Modulatory Action of 5-HT_{2A} Receptors on the Dynamic Regulation of Basal Ganglia Circuits”

In the article “Preferential Modulatory Action of 5-HT_{2A} Receptors on the Dynamic Regulation of Basal Ganglia Circuits,” by Lise Guilhemsang, Amaia Gutierrez-Ceballos, Mario Antonazzo, Nicolas P. Mallet, Luisa Ugedo, and Teresa Morera-Herreras, which appeared on pages 56–67 of the January 4, 2023 issue, [Figure 5](#) contained an error. In [Figure 5F](#), the inhibition showed an amplitude; however, according to how the authors define amplitude in the article, this is not possible. To maintain consistent formatting for all the plots, the authors used a template while constructing the figure, which included placeholder datasets in the “amplitude” of the inhibition. The placeholders were inadvertently retained for publication. The online version has been corrected.
