

# Erratum

## **Erratum: McCosh et al., “Norepinephrine Neurons in the Nucleus of the Solitary Tract Suppress Luteinizing Hormone Secretion in Female Mice”**

In the article “Norepinephrine Neurons in the Nucleus of the Solitary Tract Suppress Luteinizing Hormone Secretion in Female Mice” by Richard B. McCosh, Michael J. Kreisman, Katherine Tian, Steven A. Thomas, and Kellie M. Breen Church which appeared in the [August 21, 2024](#) issue, an author’s name appeared incorrectly. Kellie M. Breen Church should read as Kellie M. Breen. While the author publishes under the name Kellie M. Breen, she uses “Breen Church” professionally otherwise, so that name has been retained in the correspondence footnote.

The online version has been corrected.
