*Cover picture:* Immunoreactivity for neuropeptide Y in plexuses of the monkey visual cortex. The upper plexus is in layers IVa and IVb, the lower plexus is in layer V. Layer IVc, between the two plexuses, is largely free of immunoreactive fibers. From S. H. C. Hendry, E. G. Jones, and P. C. Emson (1984) Morphology, distribution and synaptic relations of somatostatin and neuropeptide Y immunoreactive neurons in rat and monkey neocortex. *J. Neurosci.* 4: 2497-2517.

*The Journal of Neuroscience* is the official journal of the Society for Neuroscience. It is published monthly for the Society, one volume a year, by Oxford University Press, 200 Madison Avenue, New York, NY 10016.

*Subscriptions* are on a per-volume basis beginning with the January issue. The volume 6 (1986) rates for the U.S. are \$150 for individuals and \$350 for institutions. Outside the U.S. add \$35; single copies are \$18. Student subscription rates are available only through the Society for Neuroscience. Institutional (multiple-reader) rates apply to libraries, schools, hospitals, clinics, group practices, and federal, commercial, and private institutions and organizations. Address subscription and back issue requests to the Journals Department, Oxford University Press, 16-00 Pollitt Drive, Fair Lawn, NJ 07410.

*Change of Address* notifications must be sent to Oxford's Journals Department at least 60 days in advance. Journals undeliverable because of incorrect addresses will be destroyed. Duplicates can be obtained (if available) from Oxford at the regular price of single issues.

*Advertising* inquiries should be addressed to Donald Pfarr, Williams & Wilkins, 428 E. Preston Street, Baltimore, MD 21202.

*Microfilm* inquiries should be directed to the Journals Department, Oxford University Press, 16-00 Pollitt Drive, Fair Lawn, NJ 07410.

*Reprints* of individual articles are available only from the authors.

*Japanese yen price* is available from our sole agent: Kinokuniya Publications Co., Ltd., Journals Department, P.O. Box 55 Chitose, Tokyo 156, Japan.

*Postmaster*: Second class postage paid at Washington, DC, and at additional mailing offices; send address changes to the Journals Department, Oxford University Press, 16-00 Pollitt Drive, Fair Lawn, NJ 07410.

*The Journal of Neuroscience* is indexed by *Current Contents* and *Index Medicus*.
